I am truly excited and proud to be nominated as the lead for the new Special Issue in the Q1 journal Buildings, titled: "Sustainable and Digital Construction Supply Chains". Even more rewarding is the opportunity to collaborate with an exceptional editorial board comprising experts from three universities across two continents:

Prof. **Professor Ghassan Aouad Abu Dhabi University, #UAE**

Prof. **Xiaohua (Sean) Jin Jin, Western Sydney University, #Australia**

A/Prof. **Yingbin Feng, Western Sydney University, #Australia**

A/Prof. **Duncan Maxwell, Monash University, #Australia**

Dr. **Ali Alashwal, Western Sydney University, #Australia**

We invite high-quality contributions from researchers, academics, and industry professionals to submit your work in this exciting area. Topics include (but are not limited to):

Project Management and Resource Allocation

Digital Transformation in Construction

Platform-Based Construction and Prefabrication

Sustainable Construction Supply Chains

Governance, Policy, and Education

Let's advance the conversation and innovation in sustainable and digital construction supply chains together.
