3. Don't Surround Yourself with Negative People: Choose a supportive and positive circle.
4. Manage Your Time Properly: Prioritize tasks and set deadlines.
5. Network Effectively: Build meaningful relationships with diverse individuals.
6. Seek Feedback: Regularly ask for constructive criticism to improve.
7. Stay Confident: Don't let anyone affect your confidence.
8. Be Careful With Publishing Your Research: One publication in a predatory journal can tarnish your reputation.
