UAE Ranks as the Safest Country in the World for 2025 According to Numbeo

The United Arab Emirates 🇦🇪 has secured its reputation as the safest country in the world for 2025, according to the latest Safety Index by [Numbeo](#). With a remarkable score of 85.2, the UAE surpassed 147 countries in areas like crime rates, public safety, and quality of life.

At the city level, five emirates are among the top six safest cities globally: Abu Dhabi – Safety Index: 88.8, Ajman – Safety Index: 85.5, Dubai – Safety Index: 83.9, Ras Al Khaimah – Safety Index: 83.8, Sharjah – Safety Index: 83.7. The low crime rates further illustrate the UAE's commitment to safety and quality of life.

For students studying at [Abu Dhabi University](#) and other universities in the UAE, this safety is a significant advantage. A secure environment allows students to focus on their studies without worrying about personal safety. They can explore the vibrant cultural scene, participate in campus activities, and engage in networking opportunities with confidence.

In conclusion, the UAE stands out as a safe haven for residents, expatriates, and visitors alike, making it an attractive place for students and professionals. By choosing to study here, students benefit from a rich educational environment that supports their personal and professional growth.

Numbeo is a crowd-sourced database that provides information on various aspects of living conditions in cities and countries around the world. It includes data on:

- Cost of Living: Prices for groceries, housing, transportation, and other expenses.
- Quality of Life: Factors such as safety, healthcare, and education.
- Pollution: Air quality and environmental data.
- Crime Rates: Statistics on various types of crime.

Users can compare cities globally, making it a useful tool for individuals considering relocation, travel, or research. The data is constantly updated based on user contributions, making it a dynamic and valuable resource for understanding local conditions.
