Abu Dhabi University's College of Engineering (COE): New Academic Programs

I am pleased to announce that the College of Engineering at [Abu Dhabi University](#) (ADU) has begun recruiting students for the Fall Semester of 2025/2026 for the following new academic programs, approved by the [Commission for Academic Accreditation](#):

1. Doctor of Philosophy in Intelligent Systems Engineering (approval received last week)
- 2 Doctor of Philosophy in Engineering Management (approval received last week)
3. BSc in Renewable and Sustainable Engineering
- 4 BSc in Artificial Intelligence Engineering
- 5 MSc in Cybersecurity
- 6 MSc in Artificial Intelligence

ADU's College of Engineering is a beacon of academic excellence in the United Arab Emirates (UAE). With its diverse range of programs, prestigious accreditations, and a strong track record of outstanding student achievements, the College has positioned itself as a leading institution for engineering education in the region.

The COE offers a comprehensive selection of undergraduate and graduate programs designed to equip students with the knowledge and skills necessary to thrive in the rapidly evolving field of engineering. The College provides undergraduate programs in areas such as Civil Engineering, Architecture, Electrical Engineering, Mechanical Engineering, Computer Engineering, and Cybersecurity, among others. At the graduate level, the College offers Master's programs in Engineering Management, Mechanical Engineering, and Electrical and Computing Engineering, among others.

The College has received prestigious accreditations from prominent international organizations such as the Accreditation Board for Engineering and Technology (ABET) and the Royal Institute of British Architects (RIBA).

The COE encourages student engagement in research and innovation. Many students actively participate in research projects, contributing to advancements in various engineering disciplines.

The College also encourages students to participate in extracurricular activities and competitions. ADU students have consistently excelled in national and international engineering competitions, showcasing their technical skills, creativity, and problem-solving abilities.

Under the esteemed leadership of Dean Dr. [Hamdi Mustafa Sheibani](#), the COE is dedicated to providing a transformative educational experience that prepares students to excel in the dynamic and competitive world of engineering.
