Call for Papers Now Open: Join Us at the 3rd International Conference on Advancing Sustainable Futures ICASF 2025 in Abu Dhabi!

Building on the successes of ICASF 2023 and ICASF 2024, where we attracted over 600 papers and 1,200 participants, I am honored to contribute to the vision and direction of the 3rd International Conference on Advancing Sustainable Futures (ICASF 2025) under the leadership of **Prof. Sherine Farouk**. This prestigious Scopus-indexed conference reflects our commitment to academic excellence, sustainability, and global collaboration.

Conference Theme

Shaping the Future: Synergies Between Nature, Technology, and Society

Hosted by **Abu Dhabi University**, ICASF 2025 will take place from December 9–11, 2025, in Abu Dhabi, UAE, in collaboration with **IREG Observatory on Academic Ranking and Excellence**, **Liwa College**, and several renowned national and international organizations from academia, industry, and government.

ICASF 2025 📅 December 9–11, 2025 📍 Abu Dhabi, UAE

Conference Objectives

- Explore how emerging technologies—such as AI, digital innovation, and renewable energy—can be leveraged to address global sustainability challenges.
- Highlight the interdependence of natural systems, technological advancement, and societal development, and promote integrated business and policy approaches that drive sustainable, inclusive growth.
- Examine the evolving role of higher education in preparing future-ready, human-centered talent aligned with the vision of Society 5.0—where innovation enhances both societal progress and individual well-being.

This international platform will bring together visionary researchers, academics, and professionals to explore innovative approaches to sustainability, science, and technology. It offers a unique opportunity to present groundbreaking research, foster interdisciplinary collaboration, and help shape a more sustainable and resilient future.
