7th Women in Engineering Forum 2025

I was delighted to attend and give the opening speech yesterday at the 7th Women in Engineering Forum 2025, under the theme "Empowering Women Engineers: Navigating Challenges and Leading Sustainable Innovations in the AI Era." The forum was chaired by my esteemed colleague, Dr. **Reem Sabouni, PEng, PhD, M.ASCE**.

We had a fantastic lineup of excellent keynote speakers, panelists, and presenters who highlighted outstanding achievements by women in the field of engineering. It was a pleasure to meet HE Dr. Sheikha **Dr. Nahla Al Qassimi, Dr. Eng. SUAAD ALSHAMSI**, Dr. **Sandi Rhys Jones OBE, FCIOB** (online), and many others who contributed to this important forum.

Many thanks to **Abu Dhabi University** for championing the cause of women in engineering, especially to Dean Dr. **Hamdi Mustafa Sheibani**, Dr. Reem Sabouni, and colleagues in the College of Engineering and to all sponsors of the event.
