Abu Dhabi University Surpasses 4,000 Research Publications Indexed in Scopus

I am proud to announce that **Abu Dhabi University** (ADU) has surpassed 4,000 research publications in the prestigious **Scopus** Index. This remarkable achievement not only highlights ADU's commitment to high-impact research but also its significant contributions to the UAE 🇦🇪 and global knowledge, addressing pressing societal and industrial challenges across a diverse array of fields.

Among its notable achievements, an impressive 16.9% of ADU's research is ranked among the world's top 10% most cited publications, reflecting the profound influence and relevance of its scholarly work. Furthermore, 27.5% of its research is published in journals that fall within the top 10% by CiteScore, further solidifying ADU's position as a leading institution in academic excellence.

This accomplishment is driven by an extensive network of international collaborations. A significant 67.6% of ADU's publications result from partnerships with 2,471 institutions worldwide, culminating in 2,336 co-authored publications. This collaborative approach underscores the university's dedication to fostering interdisciplinary research and advancing cross-border scientific innovation.

ADU's achievement of exceeding 4,000 research publications in Scopus marks a significant milestone in its journey toward academic excellence. It reflects the university's relentless pursuit of knowledge and its vital role in addressing global challenges through innovative research. As we continue to build upon this success, we remain committed to enhancing our scholarly impact and collaborating with partners around the world.

This remarkable achievement is a testament to the visionary leadership of our Chairman, Dr. Ali Bin Harmal Aldhaferi, Ph.D., as well as the tireless efforts and dedication of our faculty, staff, students, alumni and academic and industry partners. Research at ADU is led by my esteemed colleague, Professor **Montasir Qasymeh**. I am grateful for his inspiring leadership. In addition, I would like to acknowledge the great support of research by our VC, Dr **Hamad Odhabi**, and Provost, **Professor Barry O'Mahony**.
