## Meeting with The Business Year

Yesterday, I had the pleasure of meeting with my colleagues from **The Business Year** specifically **Yasmine El yacoubi**, **Isabel Renedo**, and **Mariangeles Cebriá**. During our discussion, I shared valuable insights on how **Abu Dhabi University** (ADU) is equipping students for success in an AI-driven and interconnected world. We also delved into the ways the university promotes a diverse and inclusive learning environment. Additionally, I highlighted ADU's recent achievement of being recognized as one of the best universities globally, ranking among the top 200 institutions according to the **Times Higher Education** (THE) World University Rankings. My colleague, **Noor Al Masri**, who leads marketing and communication at the university, was also present for this insightful meeting.

This gathering reinforced our commitment to innovative education and our role as a global leader in higher education.

The Business Year is a global media group that has been providing investors, businesses, and governments with first-hand insights into the world's most dynamic markets for over 15 years.
