## A Thank You Token

I received the attached note and a small gift yesterday from our Director of Talent Empowerment and Growth (formerly HR), Allison Hope Hamilton MHRM, SHRM-SCP. in celebration of her promotion to this role. I told her that my present is her promotion, which reflects her dedication, hard work, and strong leadership. This is what drives us in academia, especially at ADU. It was a lovely gesture that means a lot to me. It demonstrates gratitude and highlights the strong culture of loyalty at the University.

Allison is a tremendous asset to ADU, showcasing exceptional leadership, interpersonal, and operational skills. She brings passion, expertise, and dedication to a dynamic working environment.

"Gratitude is not only the greatest of virtues, but the parent of all the others."

— Cicero
