Day 1 of the 2nd International Conference on Advancing Sustainable Futures (ICASF 2024)

The first day of the 2nd International Conference on Advancing Sustainable Futures (ICASF 2024), hosted by ADU, was a great success, with more than 400 attendees. Highlights from the day included:

- An inspiring speech by His Excellency Sheikh Nahyan bin Mubarak Al Nahyan, Cabinet Minister and Minister of Tolerance and Coexistence.
- Several keynote speeches, panel discussions, presentations, and the signing of MOUs.

Additionally, HE Prof Amr Ezzat Salama, Secretary General of the Association of Arab Universities, announced the establishment of the Arab Universities Knowledge Network on Climate Change, which will be hosted by Abu Dhabi University. This network aims to unite Arab universities in a collaborative effort to assess and report on the state of knowledge regarding climate change. The Arab Council for Social Responsibility and Sustainability, headed by Prof. Randa Rizk, will be responsible for the daily management of the network and the implementation of its work program, working closely with Prof Sherine Farouk from ADU.
