🌍 A Global Achievement for Abu Dhabi University! 🌍

We are immensely proud to announce that Abu Dhabi University (ADU) has been awarded the prestigious Bronze Award in the "AI in Education" category at the globally renowned QS Reimagine Education Awards 2024 for our innovative project, AI4All: AI-Powered Reimagination of AI as a Universal Early Skill.

This achievement places ADU in the elite company of just three institutions worldwide recognised for excellence in this category this year.

- 🥇 Gold Award: Turnitin (USA)
- 🥈 Silver Award: Squirrel AI Learning (China)
- 🥉 Bronze Award: Abu Dhabi University (UAE)

The QS Reimagine Education Awards, often referred to as the "Oscars of Education," celebrate groundbreaking advancements in education on a global scale. To put this into perspective, last year's winners included Duolingo (Gold), Cathoven Language Hub (Silver), and STEmpedia (Bronze). This year's recognition underscores Abu Dhabi University's position as a global leader in harnessing the power of AI to redefine education.

This accolade is a testament to ADU's unwavering dedication to innovation, our visionary approach to equipping students with future-ready skills, and our commitment to shaping education not just regionally, but globally.

This remarkable achievement is a testament to the visionary leadership of our Chairman, Dr. Ali Bin Harmal Aldhaheri, Ph.D., as well as the tireless efforts and dedication of our faculty, staff, students, alumni, and academic and industry partners.

Congratulations to our incredible faculty, students, and partners who made this possible. Together, we're setting new benchmarks and driving change in the world of education. Many thanks to my colleagues **Mohammed Ghazal** and **Noor Al Masri** who attended the QS Reimagine Education Awards on behalf of ADU. I missed the opportunity to be there because of a big conference we were running at ADU.

Many thanks to the QS for their leadership in transforming the higher education sector globally. As Chair of the QS Middle East Global Advisory Committee, I am proud to be associated with such an innovative organization which is making a big impact in the region and globally. I received a copy of the Bronze Certificate from Dr **Ashwin Fernandes** during our conference in Abu Dhabi.
