### 1st International Study Abroad Program (ISAP2024)

I'm so excited to share an update on ADU's 1st International Study Abroad Program (ISAP2024). ISAP2024 is more than just a program – it's an opportunity for international students to connect, learn, grow, and visit the three major cities of the UAE: Abu Dhabi, Al Ain, and Dubai. From December 15th to 23rd, 2024, students will dive into lectures, industry visits, networking sessions, and cultural experiences that will truly broaden their horizons and enrich their skills and knowledge.

Forty-five participants from ten international universities, representing ten nationalities, are taking part. We have a wonderful mix of 31% male and 67% female participants.

It's inspiring to see students coming from different parts of the world and ready to engage with institutions like the University of Madras (India), Northwestern Polytechnical University (China), ITMO University Russia), and Technische Hochschule Mittelhessen (Germany) – all prepared to embrace new perspectives and experiences.

I can already tell this is going to be a meaningful and memorable journey for everyone involved. Special thanks to Prof. Sherine Farouk and Mr. Ibrahim Odhabi for putting this amazing experience together – I'm truly grateful for all your efforts.
