## Sustainability Workshop by QS

Many thanks 🙏 to our colleagues from **QS Quacquarelli Symonds**, **Nilly C Castaño**, **Habib Fardoun**, and Kuldeep Reddy for running a very informative workshop on sustainability. Colleagues from ADU and our sister college, **Liwa College**, were in attendance.

I am grateful to **Steve DCunha** and **Merlyn Thomas K.** for organizing such important workshop in the area of sustainability, which is one of our four core pillars in the University's strategic plan.

At ADU, we have a research institute dedicated to sustainable futures, an annual international conference on advancing sustainable futures, and sustainability is embedded strongly in our curriculum.
