The Advance HE New Framework for Leading in Higher Education

If you want to know more about the **Advance HE** New Framework for Leading in Higher Education, you can read or listen to my interview with **Fiona Lennoxsmith** using the following link:

More details about the framework can be found here:

I sit on the Advance HE Leadership and Management Strategic Advisory Group and was also part of the steering group that developed the framework for leading in higher education. The framework's strength lies in its adaptability across different cultures and institutional contexts. It is not a one-size-fits-all solution; it can be contextualized according to varying values, cultures, and geographical locations.

Advance HE is a UK-based, member-led, sector-owned charity that partners with higher education institutions around the world to enhance higher education for staff, students, and society. I am proud that ADU has 92 Advance HE fellows, senior fellows, and principal fellows.

I encourage universities to take advantage of this fantastic resource.
