Advance HE Colleagues Visiting ADU

It was a pleasure yesterday to welcome my esteemed colleagues **Kristian Rumble** and **Fiona Lennoxsmith** from **Advance HE**, who presented the New Framework for Leading in Higher Education to the senior team. The feedback from our colleagues was very positive, highlighting the need for such a framework in the Higher Education sector. I was also part of the steering group that developed this framework, and its strength lies in its adaptability across different cultures and institutional contexts. It is not a one-size-fits-all solution; it can be contextualized according to varying values, cultures, and geographical locations.

More details about the framework can be found here:

Advance HE is a UK-based, member-led, sector-owned charity that partners with higher education institutions around the world to enhance higher education for staff, students, and society. I am proud that ADU has 92 Advance HE fellows, senior fellows, and principal fellows. Many thanks to my esteemed colleague and great leader Dr. **Mohammad Fteiha** for leading our collaboration with Advance HE.

I encourage universities to take advantage of this fantastic resource.
