Celebrating Achievements: Graduation Ceremonies at the College of Engineering

Yesterday marked a significant milestone as we celebrated two graduation ceremonies for our talented students in the College of Engineering, led by my esteemed colleague, Dean Dr. **Hamdi Mustafa Sheibani**, with a remarkable turnout of 350 graduates. It was an honor to preside over these ceremonies, where the air was filled with excitement and pride.

Witnessing the joy on the faces of the graduates, their families, and faculty was truly inspiring. Each graduate's journey has been filled with hard work, dedication, and perseverance, and it was heartwarming to see them finally achieve their dreams.

Today, we continue the celebration with two more ceremonies dedicated to our Master's and DBA graduates. These events not only highlight individual accomplishments but also represent the collective strength and innovation of our institution.

In total, we will hold eight graduation ceremonies this week, with over 1,000 graduates attending. I am grateful to my esteemed colleagues Mr. **Bassam Mura, MBA**, Ms **Noor Al Masri**, Mr **Zulfiqar Ali**, Mr **Sameer Jaradat**, Ms **Aseel Fathallah Agha**, as well as colleagues from various divisions of the University, and to our star student volunteers and student MCs who contributed to the success of these ceremonies.
