Over 30,000 LinkedIn Connections

I am excited to announce that my [LinkedIn](#) network has exceeded 30,000 connections! (30,109). This milestone represents not just a number, but a vibrant community of like-minded professionals who share a passion for growth, collaboration, and innovation. This network has helped ADU, and our sister university, [Liwa University](#), establish strong academic partnerships, initiate exciting research collaborations, and strengthen the presence of our universities globally.

I am continually inspired by the wealth of information and perspectives that my connections offer, helping me stay informed and ahead of the curve. This network is about building lasting relationships. The friendships that have emerged extend beyond the professional realm, creating a support system that enriches both my personal and professional life.

As I celebrate this milestone, I am grateful for each connection and look forward to the opportunities that lie ahead. Together, we can continue to learn, collaborate, and grow, elevating our careers and making a meaningful impact in our fields. Thank you to everyone who has been a part of this journey!
