It is a proud moment for **Abu Dhabi University** as we join the global celebration of the **#FestivalOfFellowship** (200,000 from around the world) with **Advance HE**.

With over 100 Advance HE Fellows across all four categories—from Associate Fellow to Principal Fellow—our faculty at ADU exemplify a deep and sustained commitment to excellence, innovation, and leadership in teaching and learning.

At Abu Dhabi University, Fellowship is not just an individual recognition but a collective testament to our institutional dedication to the highest standards of academic professionalism.

Congratulations to our outstanding educators who continue to shape student success, advance pedagogical leadership, and inspire their peers locally and globally.

Let us continue to build a culture where reflective teaching, impactful practice, and educational leadership are celebrated and nurtured.

Many thanks to Dr **Mohammad Fteiha** for leading our work in this area.
