

Abu Dhabi University Participates in the Second Annual GCC Exhibition for Training and Education to Showcase Its Latest Achievements

In line with Abu Dhabi University's (ADU) ongoing efforts to provide students with a well-rounded academic experience and world-class education, ADU is participating in the second annual GCC Exhibition for Training and Education, taking place from the 24th to 25th of October, at Erth Hotel, Abu Dhabi. During the exhibition, ADU will showcase its offerings, latest rankings, and accreditations as well as outstanding student and faculty projects focused on engineering topics including the use of Virtual Reality (VR) and Artificial Intelligence (AI) as well as biomedical engineering at Erth Ballroom Stand no. B2. The exhibition contributes to the University's continuous endeavors to introduce competitive and accredited programs that align with the UAE Government's National Agenda and top global rankings. It also signifies the University's receipt of international recognition for its renowned curricula, innovative learning environment, and exceptional educational offerings.

As part of the University's participation, a representative from ADU, will partake in the Midpoint Talk show (Virtual) to highlight ADU's journey over the past 20 years and the achieved milestones, such as ranking as the 13th top university globally according to the 'Times Higher Education Rankings' 2023 for best small universities, and 58th best university in the world according to 'Times Higher Education Young University Rankings' 2023. These rankings and many others reflect the University's outstanding accomplishments in the fields of education, research, and academia.

Professor Ghassan Aouad, Chancellor of Abu Dhabi University, said: "We are delighted to be a part of the annual GCC Exhibition for Training and Education, an event that plays a pivotal role in guiding students towards their educational aspirations. With over 100 nationalities represented in our student body, we seek to establish ADU as the university of choice in the region, attracting students from neighbouring countries and around the world. The exhibition aligns with our mission to promote innovation and collaboration in the pursuit of knowledge. We look forward to exchanging knowledge and expertise with our peers in the academic field as well as engaging with students to support them in gaining early learning and experience which will support them in their future career."

The GCC Exhibition for Training and Education is a prominent annual event designed to provide students with a comprehensive platform to explore educational opportunities and make informed decisions about their future.
