

Press Release:

Abu Dhabi University Welcomes New and Returning Students with Upgraded Facilities Across the Colleges

UAE, Abu Dhabi, 22 August 2024: [Abu Dhabi University \(ADU\)](#) is set to welcome new and returning students to its upgraded campuses in Abu Dhabi, Al Ain, and Dubai with new activities, initiatives and improved facilities in efforts to further enhance the student learning environment at the academic institution.

With the new academic year fast approaching, the university has made thoughtful investments across all colleges, reflecting its ongoing commitment to providing students with quality resources and a supportive learning environment. This year, students will have access to over 100 state-of-the-art labs, studios, and a moot court, specifically designed to provide students with practical hands-on learning experiences across all colleges. ADU has also invested in digital initiatives and its technology infrastructure to help support the growing student body and improve the online experience services it offers to students.

Professor Ghassan Aouad, Chancellor of Abu Dhabi University (ADU), said: “We are very excited to welcome both our current and new students to the 2024-2024 academic year at ADU, and to showcase the enhancements that we have implemented over the summer. In line with our unwavering commitment to help students reach their full potential through world-class programs and state-of-the-art facilities, we have made strategic investments across the colleges to enhance the learning journey for all our students. These enhancements will not only impact the student journey but will also support our dedicated faculty members deliver the latest research and information in their respective fields as they continue to provide globally leading education and pave the way for future leaders in the UAE”.

The university has welcomed new faculty members who join over 255 full-time faculty from diverse academic backgrounds, bringing extensive knowledge and expertise that will contribute further to the vibrant academic community, further enhancing the quality of education offered across all disciplines.

ADU was recently ranked 8th globally in the Times Higher Education (THE) Best Small Universities Rankings 2024, climbing five places and securing first place in both the GCC and UAE. The university also won the Best International Strategy of the Year award from the THE Awards MENA 2023. Furthermore, ADU's College of Engineering received the regional Silver Award at the Quacquarelli Symonds (QS) Reimagining Education Awards and second place in the e-Learning category.
