COLLEGE OF ARTS AND SCIENCES

**Do not judge me
by my successes,
judge me by how
many times I fell
down and got
back up again.**

Nelson Mandela

Message from the Dean

The College of Arts and Sciences (CAS) is thrilled that you are joining us. We guarantee you an eye-opening experience that will be your stepping stone into your chosen field at Abu Dhabi University (ADU). As well as general education courses for all undergraduate students, we also provide a few select undergraduate programs and postgraduate studies in the education field: BA in Persian, BA in Mass Communications (Arabic and English), Professional Diploma in Teaching (Arabic and English), MSc in Special Education, and MEd in Educational Leadership.

We have created curricula designed to stimulate both your academic and creative interests, as well as a variety of clubs, societies, and competitions in both Arabic and English in which you can participate.

CAS is home to all aspects of your first-year experience at Abu Dhabi University. It provides a unique general education platform to ensure the successful transition of undergraduate students from high school to university life and will equip you with strong interpersonal skills and analytical abilities. Our outstanding faculty and administrative support are here to ensure that you feel valued and listened to in an educationally stimulating environment.

The College dedicates a significant amount of time to programs and research projects where you can work alongside faculty to gain a more comprehensive understanding of the subject matter. This approach has kick-started a myriad of student projects and research papers. We also offer individual support to students through peer tutors and course heads on a variety of academic subjects.

Our ultimate aim is to nurture your sense of curiosity and fully enable your intellectual potential.

Dr. Sreethi Nair
Dean, College of Arts and Sciences

Vision

The College of Arts and Sciences is recognized as an institution that fosters academic excellence driven by teaching and research and contributes to the development of the local, regional and international communities.

Mission

The mission of the College of Arts and Sciences is to equip the students with the academic and practical skills needed for success in an ever-changing world, in order to contribute to the local and international cultures.

Why the College of Arts and Sciences

Through its diverse range of courses, the college offers academic research and practical courses that inspire and enhance the research and creative ability of the students. These courses provide students with both the oral and written communication skills, methods of scientific analysis and inquiry, and professional ethics required for their future careers and undertakings. These components form the ethical and moral foundation for understanding, analyzing and resolving issues. These courses also prepare students for lifelong learning as well as for graduate studies in their areas of specialization.

Diversity

The college has students from 19 nations across the globe. Nearly 16% of the undergraduate students are UAE Nationals. The student profile reflects the diversity of the UAE.

Students' Activities

The College of Arts and Sciences engages students through co-curricular and extra curricular activities embedded in their academic fields. Students participate and have won many competitions in the UAE, such as Think Science, International Conference on Advanced Materials, Green Youth Majilis of Sustainable Campus Initiative, Sharjah Innovation, Eco City World Summit and SILA Connect.

Job Placement & Internships

For the students to get their way to the prestigious companies, the following services are available:

- Career services to seek guidance from professional career advisors
- Career fairs that are attended by local and international companies
- On-campus student employment program
- MOUs with regional companies

The Internship program increases student's employability which makes it an important part of students' graduation. By undertaking a supervised compulsory training course, students will have the opportunity to put into practice what they have learned in theory. Internship is a supervised, training course which carries credit. Each internship is planned and organized by the Career Development Department, in conjunction with the respective college, in such a way as to ensure the efficient execution of the program.

Financial Aid & Scholarships

The University offers a number of scholarships and provides financial aid assistance to eligible students. Details are available at the Financial Aid and Scholarships Office.

Accreditation

ADU is internationally accredited by the Senior College and University Commission of the [Western Association of Schools and Colleges \(WSCUC\)](#).

[WSCUC](#) is the highest form of accreditation available in the USA, and accredits such prestigious institutions as Stanford University, California Institute of Technology, The University of California System, and the California State University system.
