

# Curriculum

Total credit hours: 33

## Core Courses: 27 Credit Hours

Course Code	Course Title	Credit Hours	Prerequisite(s)
EDUT500	Artificial Intelligence in Education: Foundations and Futures	3	-
EDUT510	AI in Adaptive Instructional Design	3	EDUT500
EDUT520	Designing Technology-Enhanced Learning Environments	3	-
EDUT530	Learning Analytics and Data-Driven Decision Making	3	EDUT520
EDUT540	Emerging Educational Technologies and AI Trends	3	EDUT500
EDUT550	AI-Enhanced Digital Literacies for Educators	3	EDUT510, EDUT530
EDUT560	Ethics, Equity, and AI Governance in Education	3	EDUT550, EDUT540
EDUT570	AI for Accessibility and Inclusion	3	-
EDUT575	Human-Centered AI and Pedagogical Theories	6	EDUT500

## Thesis: 6 Credit Hours

Course Code	Course Title	Credit Hours	Prerequisite(s)
EDUT580	Thesis (Research)	6	All prior courses (27 Credit Hours)

# MASTER OF EDUCATION IN EDUCATIONAL TECHNOLOGIES AND AI

## Program Overview

Step into the future of learning with the **Master of Education in Educational Technologies and AI (MEd.EdTechAi)** at Abu Dhabi University. This advanced 33-credit program empowers educators, designers, and leaders to integrate artificial intelligence and cutting-edge technologies into transformative educational practices. Grounded in theory and driven by research, this program equips graduates to design ethical, inclusive, and data-informed learning environments.

Delivered face-to-face across **Abu Dhabi, Al Ain, and Dubai campuses**, the program offers a flexible structure for working professionals and aspiring innovators.

## Who Should Apply

This program is designed for:

- Educators seeking to enhance teaching with AI-driven tools and strategies
- Curriculum designers and instructional technologists exploring adaptive learning systems
- Education leaders aiming to shape policy and innovation in digital learning
- Professionals in EdTech or digital transformation moving into leadership roles
- Graduates from non-education disciplines seeking a structured pathway into AI-enhanced education through preparatory coursework

Whether you are looking to future-proof your career or drive meaningful change in education, this program offers the knowledge and tools to make an impact.

## Career Prospects

Graduates of the MEd.EdTechAi program can pursue roles such as:

- Instructional Designer or Learning Architect
- Director of Educational Technology
- AI Integration Specialist in K-12 or Higher Education
- Learning Analytics Consultant
- Accessibility and Inclusion Advisor
- Researcher in EdTech Innovation
- AI Policy Analyst or Ethics Consultant
- EdTech Entrepreneur or Consultant

The program prepares professionals for leadership across education, industry, NGOs, and government sectors.

## Why MEd.EdTechAi?

The Master of Education in Educational Technologies and AI has been designed to prepare graduates for:

- Leadership in the integration of AI and emerging technologies in education
- Design of inclusive, learner-centered, and accessible digital learning environments
- Data-informed innovation and evidence-based instructional design
- Applied research and ethical governance in the context of AI in education
- Lifelong professional development and global educational impact
