

Navigating Finance and Audit in the Era of Innovation and Digital Transformation for Sustainable Futures

- **Overview:** This panel will examine how financial institutions and auditing practices need to adapt to the digital transformation and support sustainable development goals. Topics might include green financing, impact investing, and sustainable accounting practices.
- **SDG Alignment:** Aligning with SDG 8 (Decent Work and Economic Growth) and SDG 12 (Responsible Consumption and Production) by promoting sustainable financial practices that support the growth of green businesses, resource efficiency, and environmentally conscious production methods.
- **Objectives:** Discuss the role of finance in promoting sustainable businesses, explore digital tools for sustainable financial management, and identify best practices for sustainable auditing.
